

2016 ANNUAL REPORT

Growing a stronger
community through
academics, activities,
arts and athletics.

LEAF

Local Education &
Activities Foundation
For St. Cloud Area
School District 742

The District 742 Local Education & Activities Foundation (LEAF) is a citizens' organization whose purpose is to secure and channel private funds to support and enhance the educational process. The Foundation shall serve to promote the value of a comprehensive educational program and to increase public confidence and involvement in the public school system. It shall build links among the public school system, business and industry, government, civic organizations, and the public.

DEAR FRIENDS OF LEAF

As a non-profit, LEAF strives to help District 742 meet the needs of its students. Changing times and changing needs have caused us to change and grow. As my time with the LEAF Board ends, I'm taking a trip through the history of LEAF and what it has been able to accomplish because of your generosity.

LEAF was founded in 1993 as an activities foundation, recognizing extracurricular activities are a vital component of education and student success. Our purpose was to raise money to help maintain activities, and we gave our first grants to District 742 in 1996. In 2001 we made our largest single contribution to District 742. When decreased state funding caused the District to consider eliminating middle school extracurricular programs; LEAF succeeded in raising \$140,000 to save them.

In 2009, LEAF accepted the challenge of providing supplemental funding for academic programs. We created the Academic Enrichment and Opportunity Fund, to enhance curricular and classroom opportunities for our students, and our first academic grant was awarded in 2010.

Since 2010, LEAF has grown and adapted to meet the changing needs of the District. Here are the new initiatives:

- Adopt-a-Classroom, 2012, because teachers often spend their own money to provide classroom supplies and materials. Donors "adopt a classroom" for \$250. The money is available to a selected teacher, to purchase needed items.
- PAKRAT (Partners and Kids Reading A lot Together), 2012, a literacy program for pre-school through 3rd grade. Students check out a book every night to take home to read. Parents, students, and teachers love this program. Both private foundations and individual donors have recognized the importance and success of this program with their donations (\$121,912 so far!).
- Roll and Read bus, 2013, an expansion of PAKRAT. The PAKRAT program works so well, we partnered with District 742 and community organizations to bring books to students in their neighborhoods during the summer.
- Immersion Program Fund, 2014, to help support the cost of materials, supplies, etc. for District 742's Chinese and Spanish Immersion Programs. These funds have supported Amity interns and bought instructional supplies and media in the target language.
- The Homeless Student Services Fund, 2014, to help provide basics for the homeless students in District 742 that are not provided by other local agencies. Because a child can't learn if his/her basic needs aren't met, it includes school supplies, clothing, food, and emergency housing assistance.

The new programs above developed as a response to changing needs. Our increasing growth is shown in the following numbers: LEAF has granted nearly \$1.4 million dollars to support the education of District 742 students since 1996; \$820,103 has been granted in the last six years. During that same time, our endowment increased by \$493,214.

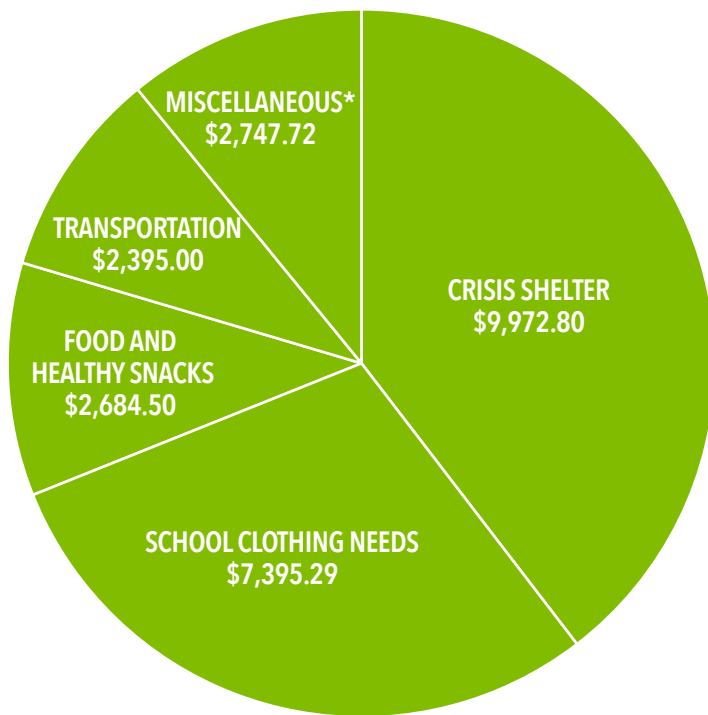

Thank you to all our supporters! YOU MAKE A DIFFERENCE!

Joanne Dorsher
President of the Board

A GROWING FOUNDATION; A GROWING IMPACT

Over the past six years (FY12-FY16), LEAF has provided over \$820,103 in support to the District 742 academic, activities, arts and athletic programs! In addition during the same time period, LEAF has grown the endowed fund from \$562,780 to \$1,054,660 – a growth of \$491,880! With your help, LEAF will have an ever-growing, positive impact on the educational experiences for District 742 students! While LEAF supports all academic, activities, arts and athletics programming, we would like to highlight several programs that benefit students in need and accelerated learners.

HOMELESS STUDENT SERVICES FUND PROVIDES ASSISTANCE TO STUDENT IN NEED

\$25,195.31
HOMELESS STUDENT
SERVICES FUND
EXPENDITURE
BREAKDOWN

*Miscellaneous includes copying, state ID, school pictures, phone card, etc.

Every day homeless students face the daunting task of focusing on a quality education while worrying about the basic needs of reliable shelter, clothing and food. In the fall of 2014, LEAF was approached by community members and school district homeless student social workers who asked if we would be willing to add a fund in support of these homeless students, to help ensure that they have a better opportunity for success in school. Local district and county resources and programs simply cannot meet all of the needs of our over 300 homeless students.

A fund was set up and a homeless student services fund committee, with representatives from LEAF, District 742 and the community began meeting. Through donations from individuals and businesses, the LEAF Homeless Student Services Fund has been able to grant \$25,195.31 to provide healthy snacks, school supplies, transportation, clothing, food and crisis shelter for District 742 homeless students as of December 1, 2015. The district homeless student social workers turn to the LEAF fund only after all community and social service resources have been tried.

Throughout the country, as well as in District 742, homelessness is a growing social challenge. LEAF stepped forward to offer community members the chance to directly impact the life of District 742 students who find themselves homeless and facing challenges few of us have had to face.

The chart shows how the homeless student services funds have been expended.

In addition to the above fund, LEAF provides support to needy students to help pay the costs for participation in extracurricular activities from elementary grades through high school. LEAF has made 21 grants for a total of \$24,109 in support of needy students' participation in the student activities program!

TALENT DEVELOPMENT: LANGUAGE IMMERSION AND ROBOTICS

LEAF grants focus on all academic, activities, arts and athletic programs in District 742. Two areas where LEAF has had an impact are the Chinese/Spanish Language Immersion Program and the Aeronautics program at Tech High School.

LANGUAGE IMMERSION

District 742 has had a language immersion program for several years. The Chinese program is offered at Madison Elementary School and the Spanish Immersion Program is at Clearview Elementary School. In 2014, parents from both programs were looking for a way to raise funds in support of their programs, especially the Amity Program which brings native-speaking individuals from the "home country" to District 742 to work with students in the classroom. LEAF stepped forward and set up an Immersion Fund that includes separate operating funds for both Chinese and Spanish Immersion, and combines an endowment component that supports both funds together. An Immersion committee made up of representatives from LEAF, District 742 administration and both Immersion Programs as well as community representatives meets quarterly to oversee the fund.

ROBOTICS PROGRAMS

Another "talent development" program that LEAF has supported is the district-wide focus on Robotics. LEAF has given grants in support of the extracurricular Robotics Club, VEX Robotics programs in the schools, as well as the STEM/Aeronautics program at Tech High School. A total of 20 grants for \$31,479 have gone to Robotics programming in District 742.

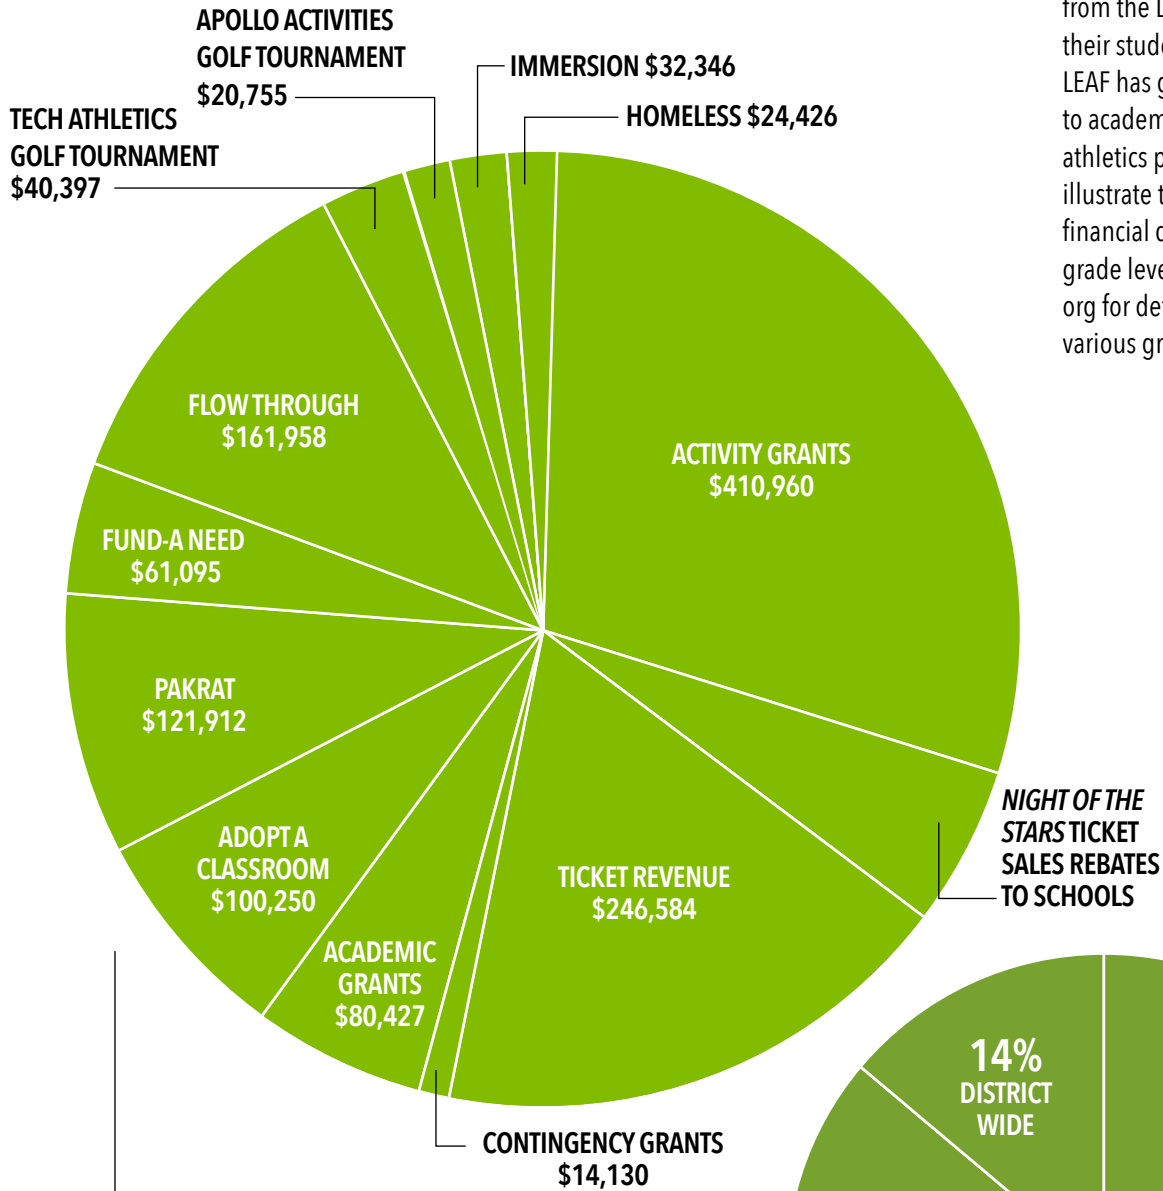

"Thank you for transforming our robotics lab into a state-of-the-art learning environment for relevant experiences and applied learning."

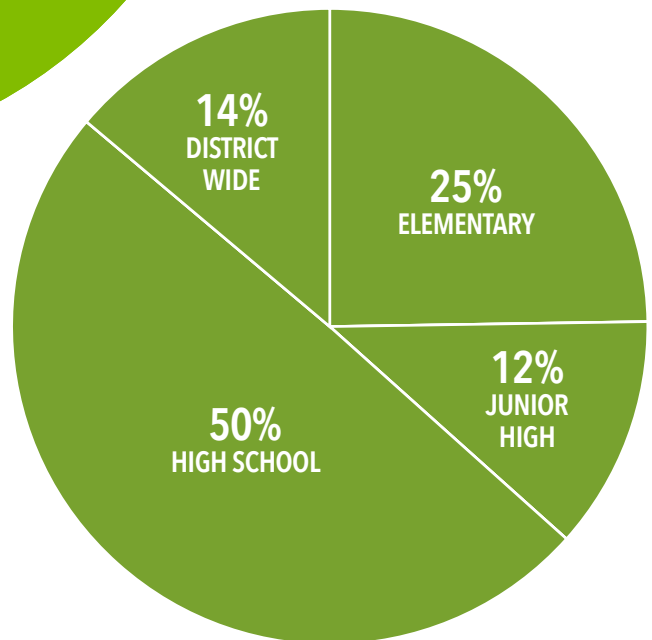

Dr. Matthew Keil
Tech Aeronautics and Robotics

A GROWING FOUNDATION; A GROWING IMPACT

LEAF has established a proven track record of raising funds and getting them to the students who really need them. Teachers, coaches, advisors, and administrators submit proposals to receive grants from the LEAF endowment for their student groups. Since 1997 LEAF has granted over \$1.3 million to academic, activities, arts, and athletics programming. The charts illustrate the breakdown of the financial disbursement by type and grade level. Please visit leaf742.org for detailed description of the various grants and programs.

SPECIAL GIFTS SUPPORT LEAF'S IMPACT

During 2016, LEAF received two large anonymous gifts. The first was a \$25,000 gift in support of the PAKRAT Program. This preschool through grade 3 child literacy and parent involvement program has been one of LEAF's great success stories! Since 2011, LEAF has partnered with District 742 to provide early literacy development to meet the District's goal of "All students reading at grade level by third grade." PAKRAT has even been expanded to include a summer component and the purchase of a PAKRAT Bus to deliver the books throughout the district! The program has received local and state recognition.

Our second major gift was a \$10,108 matching grant for funds raised at our Annual LEAF Learning Renaissance "Fund-A-Need." This year one focus of fund-a-need was to provide mobile hot spots for needy students in District 742 middle schools. It was a great success, with a total of \$12,684 donated to just that effort. In addition, because of the generous gift, the Learning Renaissance returned a record amount to the LEAF Academic Fund to benefit all District 742 academic programming!

LEAF SUPPORTS MANY SPECIAL EVENTS AND PROJECTS

During the year, LEAF is active in supporting many special events and projects. Each event is designed to support academic, activities, arts or athletic programming in District 742. Please check out www.leaf742.org for additional information on the following:

- **Night of the Stars**
- **Adopt-A-Classroom Project**
- **Learning Renaissance**
- **Apollo Activities Golf Tournament**
- **Tech Athletics Golf Tournament**

RETIRED EDUCATORS SHINE!

In 2011 LEAF established a Retired Educators Fund with the intention of someday building the fund to the \$25,000 Legacy Fund level so that it could make grants to academic, activities, arts and athletic programs in District 742. Thanks to our generous retired educators, the fund exceeded the \$25,000 level and by the end of 2016 has reached \$34,678! That means our District 742 retired educators will be responsible for grants totaling \$1,734 in 2017. As that fund grows, so will the impact on academic, activities, arts and athletic programs. Thanks to our generous Retired Educators! If you are a retired educator from District 742 but haven't had the chance to contribute to this fund, please contact our executive director at bruce@leaf742.org.

"...Our program will be able to purchase much needed Uniforms. We are very excited about this awesome opportunity made possible through LEAF!"

Jill Lipp
Apollo Girls Basketball Coach

FUND OPTIONS MAKE IT EASIER TO MAKE A LASTING IMPACT

In addition to our endowment, LEAF provides many ways to support student activities and academic programming in District 742.

LEGACY FUND

Gifts of \$25,000 or more, given over a period of up to 5 years, allow donors to set up a Legacy Fund within LEAF that can be directed to benefit a specific activity or educational program, or be given in the donor's name to a program/activity chosen through the LEAF grant process.

CURRENT LEAF LEGACY FUNDS

- George & Shirley Torrey Fund
- Barclay & Janet Carriar Fund
- Michael Faber Family Fund
- Retired Educators Fund
- Apollo High School Activities Fund
- South Junior High Activities Fund
- Tech High School Athletics Fund
- Tech High School Football Fund
- District 742 Chinese & Spanish Immersion Program Fund
- District 742 Homeless Student Services Fund

LEAF BENEFACTORS RECOGNITION

LEAF Benefactors Recognition goes to those individuals who have made a provision for a future gift to LEAF in support of education in District 742 through their will, trust, retirement or life insurance plan or a charitable gift annuity or charitable remainder trust. Individuals interested in becoming LEAF Benefactors should contact the LEAF executive director at 320-253-5780 or bruce@leaf742.org.

CURRENT LEAF BENEFACTORS:

- George & Shirley Torrey
- Linda Prescott

MATCHING GIFTS

The employer's gift-matching program can enhance charitable giving. Many businesses provide such opportunities when you give to 501(c)(3) charitable organizations like LEAF.

MEMORIAL GIFTS

Memorial gifts to LEAF are recognized in the name of the deceased and invested in the LEAF Endowment. These gifts are a great legacy that provides opportunities for future generations of students far into the future. See facing page.

PLANNED GIVING

Make a provision for a gift to LEAF in your estate planning to provide a legacy of support to District 742 students for years to come. Planned gifts through estate planning, life insurance and trusts can be arranged through the Central Minnesota Community Foundation by contacting LEAF's Executive Director.

IN-KIND CONTRIBUTIONS

While financial contributions go directly to the programs supported by LEAF, we also need substantial in-kind services to help promote our annual events and fundraisers. LEAF in-kind sponsors are recognized in the same manner as our financial sponsors.

ADOPT-A-CLASSROOM

The Adopt-A-Classroom project connects businesses and individuals to specific classrooms to help provide needed supplies with tax-deductible \$250 contributions. Since 2011, over \$100,000 has been raised and 401 grants have been given through the Adopt-A-Classroom program.

SUSTAINER

This is an easy way to give on an ongoing basis. Simply choose the amount you wish to donate monthly on the "donate now" form found on the LEAF web page. The amount will be added to your credit card monthly and LEAF will send you a tax acknowledgement at the end of the year.

BUSINESS PARTNERSHIPS

LEAF business partnerships show the community that your business appreciates and supports education. LEAF promotes your business while you and your customers support LEAF and District 742 students. Check out our web page to see the many businesses that support LEAF.

EVENT SPONSORSHIPS

Talk about a win-win opportunity! Sponsor specific LEAF events to help defray costs and assure the financial success of events, while illustrating that your business supports educational opportunities in our community. Currently several LEAF events offer sponsorship opportunities.
