

Record Retention and Document Destruction Policy

The District 742 Local Education Activities Foundation (LEAF) shall retain records for the period of their immediate or current use, unless longer retention is necessary for historical reference or to comply with contractual or legal requirements. Records and documents outlined in this policy includes paper, electronic files (including e-mails), and voicemail records regardless of where the document is stored, including network servers, desktop or laptop computers and handheld computers and other wireless devices with text messaging capabilities.

A LEAF employee or board member shall not knowingly destroy a document with the intent to obstruct or influence an “investigation or proper administration of any matter within the jurisdiction of any department agency of the United States... or in relation to or contemplation of such matter or case.” If an official investigation is underway or even suspected, document purging must stop in order to avoid criminal obstruction.

The LEAF Executive Director is responsible to retain records or designate appropriate board members to retain records.

In order to eliminate accidental or innocent destruction, LEAF has the following document retention requirements:

<u>Type of Document</u>	<u>Best Practice Requirement</u>	<u>Who?</u>
