Diane Moeller Honored with LEAF 742 Distinguished Alumni Award

LEAF 742 is proud to recognize **Diane Moeller** as the 2026 Distinguished Alumni Award recipient, honoring her exceptional leadership, dedication to education, and continued service to the St. Cloud community.

A proud graduate of Apollo High School, Diane has devoted her career to supporting students, educators, and educational institutions. After beginning her career as a classroom teacher, she moved into administration with St. Cloud Area School District 742, serving as a principal and later as assistant superintendent. Throughout her career, she has demonstrated an unwavering commitment to student success and educational excellence.

Although officially retired, Diane's passion for education and community service continues. She has held additional leadership roles as a superintendent and principal, served as President of the St. Cloud State University Alumni Association, and remains involved with Saint Mary's University as Program Director in its Graduate School of Education.

Diane has also been a dedicated supporter of LEAF 742, serving on its Board of Directors, including as Board President, and currently as Past President. Her leadership and commitment have helped strengthen LEAF's mission of expanding opportunities for students throughout District 742.

LEAF 742 congratulates Diane Moeller on this well-deserved recognition and thanks her for her extraordinary contributions to education, our organization, and the greater St. Cloud community!
